

Facility Name: Prairie View Estates

PWSID#: 5225326

Date: 3.13.26

PUBLIC NOTIFICATION

MONITORING VIOLATION OF THE WATER TESTING SCHEDULE

Our water system violated a drinking water standard(s) over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We, the 1 Prairie View Estates Public Water Supply (*include a description of the areas served if it is not evident from the supply name*) are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 2 November 2025 we did not monitor or test 3 1 for 4 Bacteria (routine) and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

What Happened? What is being done?

[Describe corrective action]

See attached letter provided
by the State Hygienic Lab
dated Dec. 5, 2025

For more information, please contact 5 Matt Bulkeley - 319.631.2864.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

RE: 2769504

Dear Matt,

The State Hygienic Laboratory (SHL) experienced a power outage for several hours at our Coralville location on Monday, December 1, 2025. The outage was widespread and affected multiple parts of Coralville. Unfortunately, we were not able to process your sample within hold time due to this power outage.

We have reached out by phone to notify you of this issue. Replacement kits have been sent if needed. We sincerely apologize for the inconvenience that this issue caused.

The State Hygienic Laboratory (SHL) advises that you provide this statement regarding your samples, to your Iowa Department of Resources (IDNR) representative for reporting purposes.

Again, we sincerely apologize for this issue and any inconvenience this may cause you.

Sincerely,

Dustin May, PhD
Associate Director, Environmental Health Division, State Hygienic Laboratory
Adjunct Assistant Professor, Occupational and Environmental Health
UI Research Park, 2490 Crosspark Rd., Coralville, IA 52241
